

# Please join us in making a difference

Are you interested in providing a consumer perspective to improve the patient experience and safety of Northern Health? We listen and value the voice of consumers.

**We are looking for two community members to join our LGBTIQ+ working group. Working together will help us to create an environment and culture which is safe and inclusive for LGBTIQ+ consumers and staff.**

Consumers help us to understand “what matters to patients” in their experience of health care and enable positive change.

This is a volunteer role and clinical knowledge is not required.

You will have a Staff Buddy to support you to join bi-monthly meetings online and participate from the comfort of your own home.

To apply, contact: **Sherrilyn Ballard**, Consumer Participation Coordinator  
**Phone: 9495 3313**    **Email: [consumerparticipation@nh.org.au](mailto:consumerparticipation@nh.org.au)**

For more information regarding consumer participation and other vacancies, please visit: [www.nh.org.au/support-us/consumer-community-participation](http://www.nh.org.au/support-us/consumer-community-participation)

*Northern Health supports the rights and wellbeing of people who identify as LGBTIQ+*
